TALK OF THE TOWN.

New white goods at Abbott's.
Improve the opportunity and buy a cloak at Perry's and save money.

PLAYS AND PLAYERS.

Owen Wister, author of "The Virginian," is at work upon a dramatization of his latest story, "Lady Baltimore."
Boerboom Tree is considering revivals of "Antony and Cleopatra" and "Macbeth," to be made at His Majesty's theater, London, during the course of the season.

PITH AND POINT.

No man is greater than his smallest act.
Bravery is reckoned by what we do, not by what we threaten to do.
Men with money can keep their friends by not lending it to them.
Nothing takes the ambition out of men more effectually than an easy chair.
The average man no sooner gets out of trouble than he plunges into it again.
See that you have plenty of sand before starting on the road to success, for it's somewhat slippery.
There is no reason why men shouldn't love their enemies as they love themselves, especially if they happen to be their own worst enemies. — Chicago News.

Rice.

Alexander the Great about B. C. 400 made an attempt to introduce many Asiatic plants into Europe. Rice was among the number, but the Greeks did not take kindly to its cultivation, preferring to import it from India and Egypt.

Fish Power.

The most prodigious power of muscle is exhibited by fish. The whale moves with a velocity through a dense medium of water that would carry him if continued round the world in something less than a fortnight, and a swordfish has been known to strike his sword through the oak plank of a ship.

Does Your Hot Water Bottle Leak?

You never can tell when a Hot Water Bottle is going to make trouble by springing a leak.
Hot Water Bottles are apt to give all sorts of trouble unless they are good, and it's hard to tell the difference between pure rubber and poor rubber in a Hot Water Bottle when it's new.

The THERAPEUTIC VALUE of a Hot Water Bottle is well known. The application of heat by this means quickly relieves pain, reduces inflammation and combats disease in many ways. A Hot Water Bottle is needed by every family—that is a good one—we sell good ones.

The Daylight Store

You Are Sharing With Us This Winter Weather.

Let us share with you our Winter Goods. Ladies' Coats at half price is a liberal offer. Children's Coats at half price is for less than they are worth to carry over.

CHILDREN'S COATS.

This is about our last call on Children's Garments. We don't have to do it. This really amounts to you more than it does to us.

Coats for the little ones of Bear Skin that was \$2.98, now at \$1.49.

Little Coats made of Astrachan Cloth that was \$3.98, now for only \$1.99.

Little Coats of Crushed Plush that were \$5.00, now at \$2.50.

Can you match these prices at other shops? It's up to you to do as well as you can.

Ginghams, White Goods and several new ideas in Dress Goods for the Spring are here. A special Wool Cloth in navy, red and black at 50c.

MISSES' GARMENTS.

You can buy our cheapest Garment for a good, large sized Miss for only \$1.98. Not a poor quality at that.

One lot of Mixtures with high collars that were \$5.00, now at \$2.50. A good coat to wear as a school garment for all of the Spring.

Misses' Tan and Navy Kersey Coats have been scarce and now the \$10.00 ones for only \$5.00. (Priced low at first pricing.)

The larger sizes of Misses' Garments are large enough to fit small and medium size ladies.

FURS.

We have been talking Furs for the last few days and many have been interested by the conversation. The best of it all is that the trade have found Furs here at better prices than they anticipated and they did not all come here first.

This cold snap will help to finish our fur sale on small Furs, such as Scarfs and Children's Fur Sets.

If we did a credit business there would be no benefit to us in a sale at these prices.

Why Our Cream Bread Has Real Value!

Every housewife knows that to make good Bread it is necessary to have good material and to know how to put it together. We buy the best flour direct from the mill in car lots. It is always fresh. The milk we use is fresh twice a day from one of the best dairies in this section. We use our own home tried lard, which we know is right. The dough is mixed in a two-barrel dough mixer driven by a two-horse motor. This gives us a perfect mixture. The Bread is moulded and baked in a large, clean, airy room on the second floor and is wrapped in wax paper when it comes out of the oven, which keeps it fresh and clean. The bakery runs night and day, so you are always sure of getting fresh Bread. The Bread has real value and is always the same—in fact you might think you was cutting from the same loaf all the time. We sell three loaves for 25 cents.

Our Pastry will please you. No substitutes used in these goods. They have the real value in them.

F. D. LADD COMPANY.
